Practice 7-6

Name each of the following for circle $O$.

1. two chords
2. three radii
3. a diameter
4. a central angle
5. a semicircle
6. two arcs

Name all of the indicated arcs for circle $Q$.

7. all arcs shorter than a semicircle
8. all arcs longer than a semicircle

9. Use a compass to draw and label a circle $Q$. Label a semicircle $\overarc{ABC}$ and an arc $AX$.
